TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

To the inhabitants of the town of Derry qualified to vote in town affairs:

You are hereby notified to meet at Adams Memorial Hall in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges and for other necessary charges arising in said Town.

3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post, No. 45, Department of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial day.

4. To hear the reports of agents, auditors or committees heretofore chosen and pass any vote relating thereto.

5. To see if the town will vote to raise and appropriate a sum of money for the improvement of the highways in ac-

cordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905, and pass any vote relating thereto.

6. To see what sum of money the town will vote to raise and appropriate for the purchase of books for the Derry Public Library and for the maintenance of said Library, and pass any vote relating thereto.

7. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Taylor Library at East Derry, and for the maintenance of said Library, and pass any vote relating thereto.

8. To see if the Town will vote to place a hydrant near the F. P. Bradford Farm and pass any vote relating thereto.

9. To see if the Town will vote to raise and appropriate a suitable sum of money to sprinkle or oil the streets and pass any vote relating thereto.

10. To see if the Town will vote to raise by taxation, or otherwise, a sum not exceeding ten thousand dollars to carry out the provisions of Chapter 162 of the Laws of 1913 relating to the so called Rockingham Road, and pass any vote relating thereto.

11. To see if the Town will vote to establish, construct and maintain a sewer system at Derry, West Village, to raise and appropriate money for the same and pass any vote relating thereto.

12. To see if the town will vote to issue the bonds of said Town in accordance with the provisions of Chapter 43 of the Laws of 1895, to an amount not exceeding twenty-five thousand dollars, for the purpose of paying for the establishing and constructing of a sewer system at Derry, West Village, and pass any vote relating thereto.

13. To see what action the Town will take relative to

supplying East Derry Village with water, and pass any vote relating thereto.

14. To see if the Town will vote to appoint the corporation known as the Hopkins Home for Aged Women its agent to carry out the purposes of the trust created by the will of Lucretia Hopkins late of Wakefield, Mass., deceased, and to pass any vote relating thereto.

15. To see if the Town will vote to establish a rental price for Adams Memorial Hall of eight dollars per night up to 12 M. and ten dollars per night if used after 12 M. Said rental not to include cost of janitor, police and other employees when rented to non residents, and pass any vote relating thereto.

16. To see what action the Town will take relative to the claim of Charles E. Reynolds of said Derry for bounty money due him under a vote passed by said Town at a special meeting held August 26, 1862, and pass any vote relating thereto.

17. To see if the Town will vote to discontinue the highway, or a part of the same, running from Beals Corner to Hampstead Street near Spollett's Store and pass any vote relating thereto.

Given under our hands and seal this 20th day of February
A. D. 1915.

ALDEN G. KELLEY,	} Selectmen of Derry.
WILLIAM NELLER,	
JAMES F. COBURN.	

A true copy of Warrant,
Attest:

ALDEN G. KELLEY,	} Selectmen of Derry.
WILLIAM NELLER,	
JAMES F. COBURN,	

CONCORD, N. H., February 8, 1915.

TO THE SELECTMEN:

We suggest that you cause the following extract from the report of the Tax Commission for 1914 to be printed in your town report this spring. It may tend to economy in town appropriations.

Very truly,

STATE TAX COMMISSION,

By W. B. FELLOWS, *Secretary*.

REPORT STATE TAX COMMISSION.

INCREASE IN PUBLIC EXPENDITURES.

No power has constituted the members of the tax commission guardians of the public in respect to expenditures for the support of government, and they have no disposition to assume that role. Nevertheless, "economy being a most essential virtue in all states," and it being "the duty of legislators and magistrates * * * to countenance and inculcate the principles of * * * economy," all as set forth in the constitution of this state, the commissioners believe themselves to be amply justified in urging, as they have so often urged before, the importance of this subject upon the voters of this state. The public revenue, state and municipal, is the voters' business and they are responsible, directly or indirectly, for every extravagance affecting it from the inception to the termination of the fund.

Every compulsory contribution levied by public authority upon people or property is in the broad sense of the term a tax, nor is it made less obnoxious or burdensome if called a fee or a fine. In the figures that follow therefore, all fees

fines, and other exactions, if any, are included with the taxes upon polls and estates. To illustrate the comparative importance of the two classes, it may be said that the taxes upon polls and estates represent about 95 per cent, and all other income about 5 per cent. of the total revenue of the state, and of the counties, cities, towns, districts and precincts therein.

Taxes as defined above have increased by leaps and bounds in recent years. In 1903 the sum of all taxes assessed by and within the state of New Hampshire was \$5,373,420.22; in 1913 it was \$8,765,039.07, an increase of \$3,391,618.85, or 63 per cent., in ten years. But these figures do not adequately represent the velocity the upward movement has now attained. To show that is necessary to divide the ten year period: The levy in 1908 was \$924,388.79, or 17 per cent. greater than in 1903, while that in 1913 was \$2,467,230.06, or 39 per cent. greater than in 1908. By so much did the advance in the last half of said period exceed that in the first half. These figures will be the more alarming if it is remembered that while taxes already sufficiently heavy were advancing 63 per cent., of the population of the state increased only about 4 1-2 per cent., and while the one was advancing 39 per cent., the other increased only about 2 1-4 per cent.

It is interesting to study the subject from another angle. In the ten years from 1904 to 1914 both inclusive, the annual increase in all taxes defined and limited as above was as follows:

1904	\$04,459.91
1905	286,590.14
1906	115,468.39
1907	411,257.46
1908	79,612.89
1909	539,995.97

1910	787,565.31
1911	215,848.50
1912	296,216.85
1913	627,603.43

The average yearly increase for the whole period was \$336,561.85. The upward trend is more plainly shown however, by dividing, as before, the ten-year period in the middle and consider the halves separately. For the first five years the average annual increase was \$184,877.76; for the last five years it was \$493,446.01. It is surely pertinent to consider how long the little state of New Hampshire, almost stationary in wealth, can sustain a tax already burdensome and increasing at the rate of practically half a million dollars a year without crippling her industries and impoverishing her people. Plainly it is a condition not calculated to attract capital from without the state or to encourage business within the same.

From the *per capita* standpoint the situation is not less disturbing. In 1903 there were assessed \$12.88 in taxes for each man, woman and child in the state. Five years later there were assessed \$14.75 for each individual, and in five years more \$20.09. If in 1913 taxes had been equally distributed among all the people it would have meant a burden of \$100 for each family of five members. Though in reality there was little such equality in the assessment there was much in the payment. The fact is that those who occupy, use or consume property, no matter who owns it, are those who in the last analysis pay most, if not all, of the taxes thereon. If the wage earner or the man of limited means understood he was in reality paying something like \$100 a year in state and municipal and half as much more in federal taxes for the government of himself, his wife and three children his influence and his vote would more frequently

make for economy in appropriations and expenditures than heretofore.

No statistics for the year 1914 appear in the above paragraphs for the reason that they are not yet at hand except in part.

SELECTMEN'S REPORT.

APPROPRIATIONS.

Summary of taxes on the polls and real estate to be taxed in the Town of Derry, on the first day of April, 1914

State Tax . . .	\$7800 00

REPORT OF BOARD OF HEALTH.

There is very little to report this year. Derry has been very fortunate, we consider, for a town of its size, in not having more contagious diseases.

So far we have had reported, one case of typhoid fever, one case of measles, twelve cases of scarlet fever, with ten houses quarantined.

We feel it has been quite a little epidemic but are glad to state, the cases have all been light, with no serious results.

The board have spent very little money this year; so far less than \$500, over \$200 of which was spent in cleaning up what is known as Horne's brook, which should have been done some time ago. We think the citizens of Derry, especially those living within a half mile of the brook, agree with us that it was money well spent.

Yours very respectfully,

LOUIS DOWNING,	}	Board of Health.

DERRY WATER WORKS.

BOARD OF COMMISSIONERS.

WILLIAM NELLER, term expires January 1, 1916.

MICHAEL J. CASSIDY, term expires January 1, 1917.

WILLIAM T. MORSE, term expires January 1, 1918.

OFFICERS.

WILLIAM NELLER	-	CHAIRMAN
WILLIAM T. MORSE	-	CLERK OF THE BOARD
CHARLES BARTLETT	-	TREASURER
G. H. BEAN	- - -	SUPERINTENDENT

The year 1914 was a prosperous one for the local Water Works. The supply was adequate for all demands put upon it for domestic and fire purposes. The repairs and improvements made upon the plant during the year have added to its efficiency. We feel considerable satisfaction in being able to report so large a surplus at the close of the year. The urgent need of a larger standpipe is still before us and must be supplied within a few years. The following report by the superintendent gives the summary of the year's work and the present status of the Water Works plant.

WILLIAM NELLER, WILLIAM T. MORSE, MICHAEL J. CASSIDY,	} Commissioners.
---	------------------

TO THE BOARD OF WATER COMMISSIONERS:

GENTLEMEN:—I herewith submit the annual report of the Superintendent for the year ending Dec. 31, 1914.

Much needed improvements have been made on the interior of the pumping station. New floors have been laid, and the pump and boiler rooms have been painted throughout. The condensing pump and heaters have been moved, giving a little more room.

It was absolutely necessary to repair the large compound pump or buy a new one. As we did not think we could afford a new one at that time, the water end of the old pump has been repaired at an expense of about \$800.00 however, this pump must be replaced within a few years.

The coming year it will be necessary to replace the old Cunningham boiler, which was installed when the Works were built in 1890, with a new high pressure boiler.

In September the standpipe was thoroughly scraped and painted inside and out with two coats of graphite paint. During the eight days the standpipe was empty the pumps were kept running constantly to keep up the pressure.

Two old hydrants have been replaced with new Cory Steamer hydrants.

One six inch gate has been replaced and three have been repaired.

About the only extension to the pipe line has been four hundred and fifty feet of two inch pipe. Twenty one service pipes have been added and fifteen old ones relaid.

Over fifty per cent of the services are now metered.

The fire at the Adams Memorial Building, on January 13, was a great inconvenience coming as it did at our busiest season. Temporary quarters were provided by the Town, in the Knights of Pythias Block. About the first of June we were able to move back to a new office in the Memorial Building. Our loss from the fire was about one hundred and eighty five dollars.

We have paid all running expenses; \$938.98 for extensions; \$4690.00 interest on bonds; bought a \$1000.00 Mil-

waukee bond and carried \$5700.59 over as a nucleus for the new year.

Considerable work has been done this year which was outside the regular department work. We have furnished men and supplies for the tree sprayer and steam roller and have done all the repairs on both, for which we received payment from the Town.

STATISTICS.

Number of services January 1, 1914, 798.

Number added during year, 21.

Number discontinued during year, 19.

Total number, 800, of which 406 are metered.

Number of meters added during year, 69.

Number of hydrants, 64.

Total number of gallons of water pumped, 73,479,370.

Average number of gallons pumped per day, 201,313.

Largest amount pumped in one day, January 13, 424,451.

Least " " " " " October 24, 85,230.

Largest amount of coal used in one day, January 14, 3,000.

Least " " " " " " " " October 24, 600.

Number of tons of coal used in 1914, including banking, 206.

Average number of gallons pumped per pound of coal, 182.

Average number of pounds of coal used per day for pumping only, 1112.

DERRY PUBLIC LIBRARY.

To the Trustees of the Derry Public Library:

The tenth annual report is herewith presented:

The year's work began in the Knights of Pythias block and the favorable location tended to increase the circulation. The largest number of books loaned in one day was while there.

In June the Memorial Building was ready for occupancy and though we had been very fortunate in securing our temporary quarters we were glad to get back into the old building. The rooms had been much improved especially by the change in the electric wiring and also enlarged. Shelving to accommodate 1400 new books was added at this time and the extra room together with the new arrangement of the furnishings gives us floor room for still further stacks, providing room for a number of years to come. The library was closed four days while the removal was being made.

During the summer we were presented by the Hebrew Progressive Society with 115 books in its own language. The number of these books taken justifies the acceptance of the gift. During the six months they have been circulated 249 books have been loaned, most of them to young men. Some of these borrowers take an English as well as a Hebrew book. The library is thus becoming useful to a larger part of our community.

The general circulation had continued to increase so largely that since Sept. 1st the library has been open for the delivery of books every day from 2.30 to 5.00 o'clock and from 6.00 to 9.00 o'clock, on Saturdays from 5.00 to 6.00

o'clock also. This has distributed the work more evenly over the whole week. The year's increase is larger than in any previous report 7171 volumes, a gain of 26 per cent.

The registration shows 428 new borrows and 296 names discontinued.

The number of books purchased during the year was 695 not as many as were discarded on account of the fire and for other reasons but nearly twice as many as are usually purchased in one year.

In June I attended the N. H. Library meeting held in Rochester where library problems were discussed and helpful addresses given. In December I attended the dedication of the Carpenter Memorial Library of Manchester.

The inventory was taken this year as usual and two books cannot be accounted for. Considering the upheaval the library was subjected to the past year I feel that this is a very satisfactory record.

I submit the following statistics:

STATISTICS.

ACCESSIONS.

By purchase	695	volumes	
By gift	10	"	
By gift, Hebrew books	116	"	
By binding magazines	27	"

REPORT OF THE TRUSTEES.

The Taylor library at East Derry is the oldest library institution in town, and for many years was the only public library here. On account of its location it does not have the advantages to offer that are held out by its sister institution established a few years ago in the western part of the town and being open to the public only two days each week is less convenient for its patrons. The means of access and the accommodations at this library are not what we wish they were, and the need of larger and better quarters is being realized more and more as the days go by. The trustees and

librarian are endeavoring to have the library fulfil its mission as anticipated by its generous founders. When any of its patrons would desire to see certain acceptable books placed upon its shelves the fact should be made known to the librarian.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District in the Town of Derry qualified to vote in district affairs.

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1915, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
7. To see how much money the District will raise and appropriate for the support of Schools.
8. To see how much money the District will raise and appropriate for the salaries of the School Board and other District officers.
9. To see if the District will authorize the School Board to borrow money on temporary notes of the District to pay debts of the District, as provided by Public Statutes Ch. 89, Sec. 3, as amended by Ch. 55, Laws of 1913, and pass any vote relating thereto.

10. To see how much money the District will raise and appropriate for payment of notes outstanding against the District.

11. To see if the District will vote to raise money for purchasing land and erecting a new school house in said district, or for the purpose of providing additional school-rooms. To determine the amount to be raised and the method of raising the same. To take action with reference to the location. To choose necessary committees and to pass any vote in relation thereto.

Given under our hands at said Derry this 19th of Feb.

1915.

EVA C. DAY,	}	School Board.
EDWIN B. WESTON,		
HERBERT L. GRINNELL, JR.		

REPORT OF THE SCHOOL BOARD.

In compliance with the law, the following report with a financial statement for the year ending Feb. 15, 1916, and an estimate for the coming year to end Feb. 15, 1915, is respectfully submitted.

The Supervisory District is composed of Londonderry, Derry Special and Derry Town Districts, the same as last year. At the Supervisory meeting held in May Mr. Charles W. Cutts was re-elected at a salary of \$1700, one half of which is paid by the State. Of the other \$850, Londonderry pays \$225 for three half days, Derry Special pays \$85, and Derry Town \$510.

This year Mr. Cutts has his office at the Adams Memorial Building, which is very convenient and is also a saving in rent to the Town District. This is Mr. Cutts's third year as Superintendent, and under his efficient supervision the schools are improving steadily.

Owing to the crowded condition in the 6th and 7th grades, we feel that we shall have to provide for one and possibly two new teachers for the coming year.

Some much needed repairs have been made on the Oak St. School, and some minor repairs have been made at the West Side School. New blackboards have been placed in Districts No. 3 and 4.

About one half of the children at District No. 3 come from Londonderry, and Londonderry pays one half of the expense of maintaining the school.

During the past year we have paid all current bills against the District and have paid \$800 on note indebtedness. There remains \$1600 notes outstanding.

This next year we shall have to have at least \$2200 for High School tuition as the rebate is based on the tax rate for the five years next preceeding. This year we shall ask the District to raise the sum of \$8500 at the annual meeting.

The following is an estimate of the amount required to meet the statutory obligations, and this report is a notice to the selectmen as required by law:

High School Tuition .	.	\$2200
Books and supplies .	.	800
Flags and appurtenances	.	25

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Town School District:

I submit herewith my third annual report as Superintendent of schools.

Since the last annual report, several changes have occurred in our teaching force. Miss Ray, principal of the Oak St. school, resigned in May to accept a position in Massachusetts. Mr. W. D. Davis was secured to succeed her, and has proved to be a valuable man for the place. Miss Wilson was transferred from District No. 4 to the 7th grade room in the Oak St. school to succeed Miss Hamblett, but after teaching a month she resigned to accept a position in Lawrence. Miss Arnold, who had taught for nearly two years at District No. 7, was now put in charge of the 7th grade room. These are the only changes in the fifteen rooms of the Oak St. and West Side buildings. These, however, made necessary new teachers at Districts Nos. 4 and 7. Miss Gertrude C. McEneaney and Miss Edna R. Pressey were selected for these schools, and Miss Ruth W. Taylor was chosen for District No. 8. Thus we began the year with three new teachers. At the close of the fall term, Miss Taylor resigned, and a little later Miss Murphy at District No. 5 also resigned, both to accept positions elsewhere. Miss Caroline Roesner and Miss Mary W. Barrett were secured for these positions.

Forty were graduated from the 8th grade, and most of these entered the Academy.

The most important change in our school conditions for

the present year is the increase in the number of children. More than seventy entered the sub-primary room at the West Side school at the beginning of the year. This congestion was finally relieved by transferring some to the Oak St. school and by putting some of the more mature into the 1st-grade rooms. There are at present seventy-five more pupils in these two buildings than there were a year ago on the corresponding date. This increase has resulted in an overcrowded condition in several rooms. The average membership for the fall term in the Oak St. building would equal forty-three for each of the nine rooms in the building. The 6th and 7th grade rooms were especially crowded. The 7th grade room had a membership of 55 and the 6th grade room had 61. These are conditions that ought not to be tolerated, but we had no more room, and could secure none whereby these rooms could be relieved. The only immediate relief seems to be in securing another teacher to do tutorial work particularly in the 5th, 6th and 7th grades, where on account of numbers the room teachers can give very little individual assistance. It is planned to try this arrangement with the beginning of the next term.

But other plans must be made for the future. There are ninety in the two fifth grades. This means, of course, that there must be two full 6th grades next year, and at the same time both the 7th and 8th grade rooms will be altogether too large. It is evident that we must have more room. If the school population continues to increase as it has the past year, a new building will be absolutely necessary. If a building is erected, provision should be made for future growth, and also for development of work along new lines. The time is surely coming when new lines of work must be provided for in our schools. There is urgent need for such now. Many of our pupils would profit much from properly correlated manual work, such as cooking and sewing for girls, and some form of constructive work for boys.

Additional teachers will be needed next year, and in other ways the cost of our schools will increase. It may not therefore be an opportune time to suggest that better provision be made for our teachers. Nevertheless this should be done. We have a splendid body of teachers, faithful and efficient, but they are underpaid. They are provided with work for only 36 weeks in the year, and then their pay ceases. They could earn much more at almost any other employment with far less responsibility and nervous strain. In justice to the teachers and in the interest of greater efficiency of the schools, better salaries should be paid.

The school buildings in the outlying districts need special attention during the coming year. All will need repairs, some should be provided with new furniture, and the outbuildings should be thoroughly renovated. Some of these are in a disreputable condition, a menace to both health and morals. The bill before the legislature empowering the State Board of Health to compel necessary changes to be made in such cases will doubtless become a law. We ought not however to wait to be compelled by some outside authority to do our plain duty. The needed changes will cost money, but better expend some money than to jeopardize further the physical and moral wellbeing of the children.

I am very glad to report that there seems to be in general a very cheerful compliance with the requirements of the Child Labor Law. The Compulsory Attendance Laws however have operated to lessen the number of labor certificates required. In this connection I may say that we have very few parents who apparently ignore or would like to ignore the requirements of the Compulsory Attendance Laws. Every parent who is at all interested in the future well-being of the child wishes his child to be in school every day as the law requires.

Some features of the attendance record are of interest. In spite of the severe weather of last winter, the Roll of

Honor for the year ending in June was 50 per cent larger than that of the year before, and whereas 158 were reported not absent or tardy during the fall term of 1913, 221 were so reported for the fall term of this year.

The following table shows the important figures for several years. The attendance records for the present year are for the fall term, and will necessarily be quite a little different when computed for the entire year. The total enrollment and average membership may increase somewhat, while the average attendance and per cent of attendance will decrease.

	'11	'12	'13	'14	'15
Total enrollment	680	763	787	748	793
Av. membership	574	642	644	677	746
Av. attendance	533	601	600	634	719
Per cent of attendance	92.6	93.5	93.5	93.6	96.36
Av. cost of teaching	\$15.26	12.95	13.92	14.00	14.10
Av. cost books & supplies	1.08	1.48	0.60	0.76	0.94

The schools generally are in good condition. There has been some interruption on account of weather conditions and sickness, but on the whole the work of the year has progressed satisfactorily, and the prospect for the successful completion of the year's work is encouraging.

In conclusion, I wish to thank the board for hearty cooperation in all matters that pertain to the well-being of the school's.

Respectfully submitted,

CHARLES W. CUTTS, Supt.

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

(L. S.)

To the inhabitants of the Special School District No. 2, in the Town of Derry qualified to vote in district affairs.

You are hereby notified to meet at the School House in said district on the thirteenth day of March 1915, at 2.30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
7. To see how much money the District will raise and appropriate for the support of Schools, including Superintendents salary, supplies, High School tuition, Interest on debt, in addition to amount required by law.
8. To see if District will vote to authorize the School Board to borrow money in anticipation of taxes.

9. To see what sum of money the District will raise and appropriate towards paying the debt incurred by installing the new heating system.

10. To see if District will take any action regarding transportation of pupils also payment of tuition.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry this Twenty-sixth day of February 1915.

EMMA ABBOTT CAMPBELL,	}	School Board.
SUSAN BILLINGS RANNEY,		
FRED E. STEVENS,		

A true copy of Warrant—Attest:

EMMA ABBOTT CAMPBELL,	}	School Board.
SUSAN BILLINGS RANNEY,		
FRED E. STEVENS,		

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Special School District
No. 2:

I herewith submit my annual report on the progress and condition of the schools.

The year was completed in June by the graduation of an unusually large class from the eighth grade, nearly all the members of which entered the Academy. By the graduation of so large a class, the Grammar room was left very small, hence the 5th grade was transferred for the time being from the Primary room to the Grammar room. In this way the somewhat congested condition of the Primary room was relieved.

We have been fortunate in retaining to this time the

same teachers for several years. Their work has been excellent and has given character to the school. It is a matter of regret that one is about to withdraw to engage in other employment. It is unfortunate that the salary cannot be made sufficiently attractive to hold teachers. In justice to the teachers and for the ultimate good of the schools, the salaries should be increased.

The following facts were reported to the State Department for the year ending in June: Total enrollment 60; average membership, 53.66; average attendance, 49.09; per cent of attendance, 91.48. The corresponding facts for the Fall term of the present year are as follows: Total enrollment, 51; average membership, 47; average attendance, 45.17; per cent of attendance 96.11. Ten were reported as not absent or tardy for that term. For the year ending in June there was but one who had a perfect attendance record, Signe Rice.

In conclusion, I wish to thank the members of the Board for cordial support and cooperation in all matters.

Respectfully submitted,

CHARLES W. CUTTS, SUPERINTENDENT
